

NEBRASKA'S CITY ELECTIONS

The Voting at Lincoln Results in Sawyer Being Chosen Mayor.

HIS PLURALITY NEARLY 600.

Lively Times at the Polls—Hoggen on His Muscle—Results in Detail From Many Other State Points.

The Result in Lincoln.

LINCOLN, Neb., April 5.—[Special Telegram to the Bee.]—The voting today resulted in the election of Sawyer, the democrat and citizens' nominee for mayor, over Hoggen, republican, and Cropper, prohibitionist. His plurality will be in the vicinity of 600. The counting is being carried on slowly, but one ward, James, finished. The vote for the heads of the tickets was counted at 10:30. Hoggen received in his own ward a plurality of twenty-four votes. In some of the wards more than 300 scratched tickets were polled and the counting of these will extend into the morning. The prohibitionists lost courage during the night and joined with the ticket men, but were not successful at nearly all the polls. The ticket men worked for the heads of the tickets. A number of ladies also voted for members of the school board, depositing their ballots while the bystanders respectfully made way for them. Many, the republican candidate for city clerk, and Jones, republican, for city auditor, were elected. The school board members were elected from the eight aldermen, one being from the Sixth, Buckstaff, and Warner in the Fifth, Burks in the Third and Dailey in the First ward.

Midnight—The reports of today's election are still badly mixed but do not alter the conclusion already telegraphed.

The election was the liveliest in the history of the city. The republican bloc, the citizens' movement, and the semi-successful attempt to deliver the prohibition vote to Sawyer, the high-license democratic candidate, all contributed to the liveliest election yet. The high-license democratic candidate, who had been the target of the prohibitionists, was elected. The school board members were elected from the eight aldermen, one being from the Sixth, Buckstaff, and Warner in the Fifth, Burks in the Third and Dailey in the First ward. The election was the liveliest in the history of the city. The republican bloc, the citizens' movement, and the semi-successful attempt to deliver the prohibition vote to Sawyer, the high-license democratic candidate, all contributed to the liveliest election yet. The high-license democratic candidate, who had been the target of the prohibitionists, was elected. The school board members were elected from the eight aldermen, one being from the Sixth, Buckstaff, and Warner in the Fifth, Burks in the Third and Dailey in the First ward.

At Sutton.

SUTTON, Neb., April 5.—[Special Telegram to the Bee.]—The most closely contested city election ever held in this city has just closed with a victory for the republican ticket. The republican party elected six councilmen out of eight, but lost the mayor by two votes. Henry Grosshans, a prominent German, was elected mayor over P. T. Walton. The fight has been red-hot here for several weeks, both parties using every available means to secure a majority of votes. Prominent citizens have been seen at the polls at the opera house, and the people at the opera house have been seen at the polls. The election was the liveliest in the history of the city. The republican bloc, the citizens' movement, and the semi-successful attempt to deliver the prohibition vote to Sawyer, the high-license democratic candidate, all contributed to the liveliest election yet. The high-license democratic candidate, who had been the target of the prohibitionists, was elected. The school board members were elected from the eight aldermen, one being from the Sixth, Buckstaff, and Warner in the Fifth, Burks in the Third and Dailey in the First ward.

At Auburn.

AUBURN, Neb., April 5.—[Special Telegram to the Bee.]—The city election at this place today passed off with considerable excitement, the issue being prohibition and license and hard work was done by both sides. The republican ticket was working openly and boldly, while the prohibitionists made but little noise. But the latter had done their work weeks ago. The prohibitionists had elected a mayor, two councilmen, police judge and one school trustee. The republican ticket was working openly and boldly, while the prohibitionists made but little noise. But the latter had done their work weeks ago. The prohibitionists had elected a mayor, two councilmen, police judge and one school trustee. But the latter had done their work weeks ago. The prohibitionists had elected a mayor, two councilmen, police judge and one school trustee.

At Chadron.

CHADRON, Neb., April 5.—[Special Telegram to the Bee.]—The city election today passed off quietly. A large vote was polled. There was no political issue or license at stake. Warren, candidate for mayor, was beaten by Dr. George W. Collins, the people's candidate, by 75 majority. The Collins ticket received the unanimous support of the Knights of Labor organization, which is very strong here. Tonight there is loud rejoicing on the part of the friends of the successful ticket.

At McCook.

MCCOOK, Neb., April 5.—[Special Telegram to the Bee.]—The election today at McCook has been experienced close to night by the election of Thomas M. Hein as mayor over J. J. Starbuck. Three of the old city council members were elected.

At Pawnee City.

PAWNEE CITY, Neb., April 5.—[Special Telegram to the Bee.]—The city election passed off quietly. A large vote was polled. There was no political issue or license at stake. Warren, candidate for mayor, was beaten by Dr. George W. Collins, the people's candidate, by 75 majority. The Collins ticket received the unanimous support of the Knights of Labor organization, which is very strong here. Tonight there is loud rejoicing on the part of the friends of the successful ticket.

CHICAGO GOES REPUBLICAN.

Roche Is Elected Mayor By Nearly Thirty Thousand Majority.

A BIG SURPRISE ALL AROUND.

The United Labor Party Only Elects One Alderman—Prohibition Probably Lost in Michigan—Results at Other Points.

The Contest in Chicago.

CHICAGO, April 5.—The day is clear and cool, and reports from nearly all wards indicate that a very large vote will be polled. The contest is between the republican and labor candidates, very few prohibition votes being cast, although the prohibitionists have ticketed polders at nearly all polling places. The polls opened at 6 o'clock and the greater portion of the labor vote was polled during the early hours. At 9 o'clock reports from various precincts showed that from one-fourth to one-half the entire registered vote had been cast.

By noon fully one-half, and in some of the wards two-thirds of the entire registered vote had been cast. This would indicate that the total city vote will reach probably 75,000 and possibly 85,000. While there have been large crowds at the polling places, no serious violence has been reported and the election promises to be an unusually quiet one.

The labor party will poll a large vote in the fifth, sixth, seventh and fourteenth wards, but in other wards the showing of the party will be small. In the eleventh and twelfth wards, except in a few precincts, the voting is almost solid for the republican ticket. In the third ward, the republican ticket is without reserve. In one precinct where 145 votes had been cast up to noon, the republican ticket had 100 votes.

At 7:30 p. m. the indications are that Roche's majority will be 30,000, a figure that surprises everybody. If the 3,300 votes naturalized during the past month by the labor party are included, the total vote will be very near what Nelson's vote now stands at. The result is a surprise to the labor party, which had expected to deliver the democratic vote to the united labor party had failed utterly. The returns received at 7:30 p. m. indicate that Elmer Washburn, heading the reform ticket, which was just issued at the polls, has a majority of 1,100 over all opposition.

Two hundred and eighty-nine precincts give Roche a majority of 28,019. Fifty precincts yet to hear from, but throughout the city, the republican ticket is making a material gain. At 8:30 p. m., with twenty precincts yet to hear from, Roche's majority is 28,000.

At 9:30 p. m., the majority for Roche is 28,000 and eight precincts yet to hear from. At 10:30 p. m., the majority for Roche is 28,000 and eight precincts yet to hear from. At 11:30 p. m., the majority for Roche is 28,000 and eight precincts yet to hear from.

The National Drill.

WASHINGTON, April 5.—New entries from Ohio, Louisiana and Dakota, anticipated by telegraph, were today received at the headquarters of the national drill. Among the visitors was General Charles J. Anderson, of Louisiana, commander of the Louisiana volunteers. He had a long conference with General Ordway and Manager DeLeon, and expressed himself emphatically as approving of the position of the committee with reference to allowing colored companies to participate in the drill. General Anderson, who is a native of Louisiana, said he had a long conference with General Ordway and Manager DeLeon, and expressed himself emphatically as approving of the position of the committee with reference to allowing colored companies to participate in the drill.

Supplies For the Indians.

WASHINGTON, April 5.—On Thursday next Indian Commissioner Atkins will leave for Kansas City, where he will be in charge of the Indian supplies for the fiscal year ending June 30, 1888. The items and quantities of the subsistence advertised for are as follows: About 800,000 pounds of bacon, 300,000 pounds of beef, 100,000 pounds of corn, 400,000 pounds of coffee, 800,000 pounds of flour, 50,000 pounds of feed, 100,000 pounds of hard, 350 pounds of molasses, 100,000 pounds of rice, 7,500 pounds of tea, 300,000 pounds of salt, 500,000 pounds of sugar, 100,000 pounds of tallow, 100,000 pounds of lard, 100,000 pounds of oil, 100,000 pounds of soap, 100,000 pounds of kerosene, 100,000 pounds of turpentine, 100,000 pounds of pitch, 100,000 pounds of resin, 100,000 pounds of glue, 100,000 pounds of wax, 100,000 pounds of tallow, 100,000 pounds of lard, 100,000 pounds of oil, 100,000 pounds of soap, 100,000 pounds of kerosene, 100,000 pounds of turpentine, 100,000 pounds of pitch, 100,000 pounds of resin, 100,000 pounds of glue, 100,000 pounds of wax, 100,000 pounds of tallow, 100,000 pounds of lard, 100,000 pounds of oil, 100,000 pounds of soap, 100,000 pounds of kerosene, 100,000 pounds of turpentine, 100,000 pounds of pitch, 100,000 pounds of resin, 100,000 pounds of glue, 100,000 pounds of wax, 100,000 pounds of tallow, 100,000 pounds of lard, 100,000 pounds of oil, 100,000 pounds of soap, 100,000 pounds of kerosene, 100,000 pounds of turpentine, 100,000 pounds of pitch, 100,000 pounds of resin, 100,000 pounds of glue, 100,000 pounds of wax, 100,000 pounds of tallow, 100,000 pounds of lard, 100,000 pounds of oil, 100,000 pounds of soap, 100,000 pounds of kerosene, 100,000 pounds of turpentine, 100,000 pounds of pitch, 100,000 pounds of resin, 100,000 pounds of glue, 100,000 pounds of wax, 100,000 pounds of tallow, 100,000 pounds of lard, 100,000 pounds of oil, 100,000 pounds of soap, 100,000 pounds of kerosene, 100,000 pounds of turpentine, 100,000 pounds of pitch, 100,000 pounds of resin, 100,000 pounds of glue, 100,000 pounds of wax, 100,000 pounds of tallow, 100,000 pounds of lard, 100,000 pounds of oil, 100,000 pounds of soap, 100,000 pounds of kerosene, 100,000 pounds of turpentine, 100,000 pounds of pitch, 100,000 pounds of resin, 100,000 pounds of glue, 100,000 pounds of wax, 100,000 pounds of tallow, 100,000 pounds of lard, 100,000 pounds of oil, 100,000 pounds of soap, 100,000 pounds of kerosene, 100,000 pounds of turpentine, 100,000 pounds of pitch, 100,000 pounds of resin, 100,000 pounds of glue, 100,000 pounds of wax, 100,000 pounds of tallow, 100,000 pounds of lard, 100,000 pounds of oil, 100,000 pounds of soap, 100,000 pounds of kerosene, 100,000 pounds of turpentine, 100,000 pounds of pitch, 100,000 pounds of resin, 100,000 pounds of glue, 100,000 pounds of wax, 100,000 pounds of tallow, 100,000 pounds of lard, 100,000 pounds of oil, 100,000 pounds of soap, 100,000 pounds of kerosene, 100,000 pounds of turpentine, 100,000 pounds of pitch, 100,000 pounds of resin, 100,000 pounds of glue, 100,000 pounds of wax, 100,000 pounds of tallow, 100,000 pounds of lard, 100,000 pounds of oil, 100,000 pounds of soap, 100,000 pounds of kerosene, 100,000 pounds of turpentine, 100,000 pounds of pitch, 100,000 pounds of resin, 100,000 pounds of glue, 100,000 pounds of wax, 100,000 pounds of tallow, 100,000 pounds of lard, 100,000 pounds of oil, 100,000 pounds of soap, 100,000 pounds of kerosene, 100,000 pounds of turpentine, 100,000 pounds of pitch, 100,000 pounds of resin, 100,000 pounds of glue, 100,000 pounds of wax, 100,000 pounds of tallow, 100,000 pounds of lard, 100,000 pounds of oil, 100,000 pounds of soap, 100,000 pounds of kerosene, 100,000 pounds of turpentine, 100,000 pounds of pitch, 100,000 pounds of resin, 100,000 pounds of glue, 100,000 pounds of wax, 100,000 pounds of tallow, 100,000 pounds of lard, 100,000 pounds of oil, 100,000 pounds of soap, 100,000 pounds of kerosene, 100,000 pounds of turpentine, 100,000 pounds of pitch, 100,000 pounds of resin, 100,000 pounds of glue, 100,000 pounds of wax, 100,000 pounds of tallow, 100,000 pounds of lard, 100,000 pounds of oil, 100,000 pounds of soap, 100,000 pounds of kerosene, 100,000 pounds of turpentine, 100,000 pounds of pitch, 100,000 pounds of resin, 100,000 pounds of glue,
